The New York Times (1851–2015) with Index (1851–1993)

The definitive record of the day

KNOWN AS "AMERICA'S NEWSPAPER" for more than a century, *The New York Times* has also commanded international readership. The world news and personal stories captured by this Pulitzer Prize-winning newspaper for nearly 170 years are available online from ProQuest so researchers anywhere can browse and search the digitized pages of this definitive record of the day.

Incorporated into the digitized newspaper is the historic *The New York Times Index*. The digitized Index allows users to search on and view terms exactly as they appeared in the New York Times print index and newspaper articles. The ProQuest digitization effort was true to the time, reflecting the vocabulary and issues of the age. More than 3 million digitized index terms are available. Researchers can move beyond key words to search for articles by subject, company, location, person, or creative work. Research outcomes are further enhanced through the addition of abstracts, detailed citation information, as well as topic headings for further exploration.

From the digitized pages of *The New York Times* explore the:

- Arrival of immigrants to America's shores
- Rise and fall of global financial markets
- Introduction of the mass-produced automobile, television, space travel, and medical innovations
- Causes and effects of the Civil War in the 1800s to the war on terrorism in this century
- From Beijing to Bangalore, nearly 30,000 graduate works spanning 40 countries have referenced *The New York Times* since 2000 in the ProQuest Dissertations & Theses Global database, citing critical findings from its pages on topics as diverse as music, management, anthropology, computer science, military history, and more.

And, with the addition of the digitized *The New York Times Index*, researchers can search on and view terms exactly as they appeared in *The New York Times* print index and newspaper articles. The ProQuest digitization effort was true to the time, reflecting the vocabulary and issues of the age. More than 3 million digitized index terms are available for searching.
- **Enhanced historical perspectives with *The New York Times Index*.** The *Index* includes:
 - **Topic Browse:** A robust topic browse that allows researchers to scan for index terms, scan topic categories, or create a direct search for articles on a specific topic. The topics link directly to the newspaper content for which *The New York Times* staff created the index entries. Common topics lead to multiple newspaper articles that can be sorted or narrowed by date or sub-topic, as noted by *The New York Times* indexers.
 - **Advanced Search:** Users can search on five categories: Person, Organization/Company, Subject, Location, and Creative Work. These terms can be found in the drop down menu with the Advanced Search and also in the More Search Options section. These terms, unique to the Index, are designated with an asterisk.
 - **Enhanced Abstracts:** article abstracts feature additional information which not only provides more information about the article itself, but also can guide users through their search.
- **Insight into multiple perspectives:** Not only does presenting this newspaper on the ProQuest platform allow for cover-to-cover browsing of complete issues of this essential leading U.S. title, but users can find a broader view of events, people, and places by cross searching all of ProQuest's historical and contemporary news sources as well as other historical resources.
- **User-friendly support tools to facilitate research:** Users benefit from the ability to search by more than 20 article types, keyword, date ranges, specific dates, author and more. They can also focus on relevant information quickly with hit-term highlighting and download articles and images in PDF format.
- **Award-winning, user-friendly interface:** ProQuest was awarded Best Interface in the 2015 *Charleston Advisor* Reader's Choice Awards: "*It is much more intuitive and easy to use than previous versions. It includes improved document viewing, easier navigation...Kudos to ProQuest.*"
