

Accounting, Tax & Banking Collection

Essential publications on financial services, accounting, tax, and banking

For the business librarian serving vibrant programs in accounting and/or finance, the Accounting, Tax & Banking Collection provides a broad range of specialized information beyond what is provided by general aggregated business databases or competitors focused on the more practice-oriented or standards aspects of the field.

The Accounting, Tax & Banking Collection combines previous content sets – Accounting & Tax, and Banking Information Source – into one comprehensive database. The collection brings together global scholarly journals and other key resources for access to reliable information in this continuously evolving area of study. Researchers can use the collection to quickly locate precise results from sources ranging from current news to professional and academic journal articles covering the trends and history influencing important accounting, tax, banking, and financial issues of the day.

Subject areas include:

- Accounting
- Auditing
- Banking industry
