ProQuest's Arts Ebook Subscription covers topics from art, architecture, dance, design, music, performing arts, film/screen studies, and more.

More than 110 university presses contribute to this subscription including Amsterdam University Press, Cambridge University Press, Edinburgh University Press, Hong Kong University Press, Oxford University Press, Manchester University Press, and Indiana University Press. Other prestigious publishers include Routledge, Rowman & Littlefield, BRILL Publishers, Cengage Learning, and Oldcastle Books including its Pocket Essentials series.

The subscription includes more than 1,200 CHOICE and RCL award winning titles. It also includes a growing selection of Wiley titles only available in subscription from ProQuest including, "*Blackwell Companions to Art History: Companion to American Art (2015)*," "*Designing Commercial Interiors (2016)*," and "*Fundamentals of Integrated Design for Sustainable Building (2016)*."

All ProQuest subscriptions are delivered on the Ebook Central platform, which offers DRM-free chapter downloads, bookshelves, annotating and other features that enhance the research experience and improve outcomes. ProQuest is also the only ebook provider that offers both session and user-based usage data with Patron Analytics. Subscriptions offer unlimited multi-user access, continue to grow, and are affordably priced based on full-time equivalent (FTE) students. If libraries were to purchase every title in this subscription under a single user perpetual access model it would cost more than \$26,000.

These and many other Wiley titles are only available in subscription through ProQuest.

Why do you need ebooks in the Arts?

Offering journals alone won't give your researchers — or faculty — the support they need. Offer a diverse collection comprised of books and ebooks, along with other resources, to help researchers succeed. According to a 2017 ProQuest survey, nearly 100% of faculty recommend ebooks to their students and almost 80% use ebooks in their research.

Content diversity is critical.

In 2017, ProQuest asked researchers from around the globe what types of resources they use in their research. Two out of three respondents indicated they use every content type with books and ebooks being the most popular.

Our Arts Ebook Subscription is one of 10 subject specific collections that can be licensed separately and align with other ProQuest databases.

"Academic Complete helps us to provide more ebooks for undergrads in subject areas in which we might not always choose to purchase ebooks. The interface has always been the simplest to use, and the one that our users seem to like the most. Also, the multiple users for every title is invaluable - we never have to worry about turnaways."
