This user-friendly interface makes it possible to narrow searches within a specific case on a dynamic page. These case compilation pages are organized to maximize understanding of judicial process and to help users quickly identify content in Petition, Merit, and Resolution stages. The original module covers 1975-2016, with updates available separately. Historic modules include 1933-1974 and 1897-1932, which will launch at the end of 2022.

Supreme Court Insight – Certiorari Denied (Cert Denied), Parts 1-3, 1954-Present

Cert Denied, Parts 1-3, consists of paid cases that the Supreme Court did not hear. No other online source exists for this complete collection, which dates back to 1954. Due to its size, the collection is offered in 3 parts. Part 1 covers 1997-2017, Part 2 covers 1975-1996, and Part 3 covers 1954-1974. A prospective product begins with the 2018/2019 term. The product facilitates research and teaching and provides users who also have access to Supreme Court Insight with a unique opportunity to compare and contrast the cases heard with those that were not. The Cert Denied modules include subject indexing, court of origin tagging, and all of the other feature functionality available on Supreme Court Insight. Researchers who have access will also be able to link through to Legislative and Regulatory Insight, providing a full picture of the legislative, executive, and judicial processes and the linkages between them.
